Subject: Uranium recovery?

Hello Valois,

It said if we have any questions to direct them to you.

1. Is this about mining for uranium, "uranium recovery"?
2. Why are two draft area permits being re-issued?
3. What is the ISR of uranium?
4. Why are you re-proposing an aquifer exemption? Was it not approved before?

5. URANIUM is toxic and kills. Why are you doing this?
6. We have no way to control radiation. Why are you doing this?
7. There is no safe way to mine or process uranium. Why are you doing this?
8. We all have children and we want our children's children to enjoy planet Earth. Why are you doing this?
